Quick Summary

Highly popular Republican governor in a blue state who juxtaposes pro-business, anti-tax

message with across-the-aisle work on climate and infrastructure

- Son of a U.S. Congressman and native Marylander with early interest in politics
- Founded a real estate business; frustration with state tax environment spurred him to create Change Maryland, an anti-tax advocacy non-profit, which fueled his gubernatorial campaign
- Focused time in office on providing financial relief to the state taxpayers, including through tax breaks, lowering toll prices, and removing regulations that hinder business
- Champions Chesapeake Bay restoration and has joined national coalitions to address climate change
- Pursues public-private partnerships to fund state infrastructure such as the Purple Line expansion
- Well respected in his state and amongst fellow governors; second Republican governor in the state's history to be re-elected and was unanimously elected by his peers to chair the National Governors Association

Approach and Motivations

Results-oriented Republican whose moderate stances help him achieve bipartisan goals

- Says he seeks the best solutions, regardless of the side of the political aisle they come from
- Considers his father his biggest political inspiration, citing Hogan Sr.'s dedication to bipartisanship; Hogan Sr. was the first Republican to vote for President Nixon's impeachment, and the only Republican to vote for all three articles of impeachment
- In his capacity as chair of the National Governors Association, he has worked with Democratic state leaders on national

infrastructure policies; active member in bipartisan U.S. Climate Alliance

- Has given mixed messages on President Trump, balancing strong criticism with praise on economic matters; supported the House impeachment inquiry

Policy Position and Areas of Focus

Prioritizes growing economy, infrastructure, and protecting the environment

Economic Growth: *Fostering a strong economy through tax breaks and deregulation*

- Prioritizes tax relief, including through breaks for families, small businesses, and retirees; signed bill to repeal stormwater remediation taxes
- Announced cost reductions at all major toll facilities to save taxpayer money
- Focused on deregulating rules for businesses; created Regulatory Reform Commission, eliminating or reforming 850 regulations, including continuing education requirements for professional licensing

Infrastructure: *Extends and modernizes transportation infrastructure through public-private partnerships*

- Under his leadership, MDOT broke ground on the Purple Line light rail public-private partnership to extend metro lines from Bethesda to New Carrollton
- Introduced Traffic Relief Plan to widen the Capital Beltway, I-270, and the Baltimore-Washington Parkway through America's largest transportation public-private partnership
- As chair of the National Governors Association, launched Foundation for Success initiative to rebuild and repair infrastructure in ways that will grow the economy

Climate: *Active in regional and national climate frameworks; mixed record on fracking*

- Chairs the six-state Chesapeake Executive Council, which leads the restoration of the Chesapeake Bay; established the Governor's Task Force on Renewable Energy Development and Siting to grow state solar and wind projects
- Opposed the U.S. exit from the Paris Agreement; joined bipartisan coalition of states in the U.S. Climate Alliance to uphold the commitments of the Paris Agreement
- Signed law banning fracking in the state but supported pipelines in Maryland that transport out-of-state natural gas obtained by fracking
